## GOLDEN BOAT LIFTS LAUNCHES DOCK COMPANY

The leader in innovative boat lift solutions, Golden Boat Lifts has launched a separate dock manufacturing company, Golden Marine Systems. Bill Golden, CEO, made the announcement.

Michael Shanley was named president of Golden Marine Systems, which designs, engineers and manufactures state-of-the-art custom floating aluminum docks and gangways. Leveraging the American Welding Society-certified workforce of ISO 9001-certified Golden Boat Lifts, the new company's products are built to the highest standards using only premium quality marine grade aluminum and stainless steel. They have a life expectancy of 35+ years and come with a 10-year limited warranty.

Shanley is a 35-year marina industry veteran. Committed to the environment, he is the chair of the Florida Clean Boating Partnership.

"Michael has a great reputation throughout the national boating community, especially in the marina industry," said Golden. "His knowledge and experience will be a great asset to our company and clients worldwide."

North Fort Myers, Florida-based Golden Marine Systems can be reached at 888-909-5438, 239-337-4141 ext 239 or [mshanley@goldenmarinesystems.com](mailto:mshanley@goldenmarinesystems.com). Its website is [www.goldenmarinesystems.com](http://www.goldenmarinesystems.com).
