## NOW'S THE TIME TO GET RID OF MOLD & MILDEW

Summer's when boat and RV owners notice nature taking its toll—inside and out. Between the mold, algae and dirt, things start looking dingy. Iosso Products' Mold & Mildew Stain Remover Cleaner does all the hard work to remove the toughest stains and leave fabrics looking like new.

Mold & Mildew Stain Remover Cleaner is ideal for cleaning boat covers, awnings, tents and tarps, indoor and outdoor furniture cushions, carpeting and patio umbrellas. It doesn't contain bleach or chlorine, so it won't harm fabrics or alter their colors.

The product removes algae, bird and insect droppings, leaf tannins, dirt, grease, oil, and even many food and drink stains. And nothing comes close to the job it does on mold and mildew. Unlike harsh chemical cleaning agents, Mold & Mildew Stain Remover Cleaner is gentle on the skin and has no harsh vapors. It's biodegradable and environmentally friendly.

The powder is easy to mix with water and use. Simply wet down the surface with fresh water, sponge or spray on the solution and wait 15 minutes. Then, rinse. Extra soiled areas may require a longer soak time.

One small jar of Iosso Products' Mold & Mildew Stain Remover Cleaner makes three gal. of solution, enough to cover 350 sq. ft. and costs \$15.25. The 65 oz. tub makes 16 gal., covers 2,400 sq. ft. and runs \$75.
