CLEAN AND PROTECT FABRIC WITH COMPLETE KIT

Whether putting the boat or RV away for winter, or getting ready for the season down south, now is the perfect time to clean and protect outdoor fabrics. Iosso Products' Fabric Cleaner & Protectant Kit has everything owners need to care for a wide variety of materials.

The first kit component is Iosso Products' Mold & Mildew Stain Remover Cleaner. This amazing cleaner removes tough stains like algae, bird droppings, leaf tannins, dirt and grease. It doesn't contain bleach or chlorine, so it won't harm or discolor boat covers, awnings, tents and tarps, indoor and outdoor furniture cushions, carpeting or patio umbrellas.

The Fabric Cleaner & Protectant Kit also includes a 32 oz. bottle of Water Repellent concentrate that mixes up to 2 gallons. Used after cleaning, the concentrate is sprayed on fabric to repel water, soil and oils, and resist mildew and stains. It's not a solvent, nor does it contain silicone, so it dries completely invisible with no residue.

Like all Iosso products, the Fabric Cleaner & Protectant Kit is biodegradable and environmentally friendly. It doesn't have noxious odors and is easy on the skin.

Iosso Products' Fabric Cleaner & Protectant Kit treats 450 sq. ft. and costs \$74.95.
