MOLD, MILDEW AND OTHER STAINS ARE NO MATCH FOR IOSSO

It's frustrating to wash mold, mildew, algae and other stains off outdoor fabrics with water and detergent, only to have the unsightly blemishes remain. Iosso Products' biodegradable Mold & Mildew Stain Remover not only cleans to a like-new appearance, it eliminates the root cause of the problem without the use of bleach or chlorine.

Mold & Mildew Stain Remover is perfect for a wide range of outdoor canvas and synthetic textiles. It cleans boat covers, tents, furniture cushions, carpeting, awnings and biminis without harming the fabrics or altering their colors. Even bird and insect droppings, tree sap, leaf residue, dirt, grease, oil, and many food and drink stains are no match. Plus, it's equally as effective at cleaning hard surfaces like vinyl, plastic and fiberglass.

Unlike harsh chemical cleaners that pollute the environment if not disposed of correctly, Mold & Mildew Stain Remover is biodegradable and environmentally friendly. It's gentle on the skin and has no strong vapors.

Mold & Mildew Stain Remover is a concentrated powder that mixes easily with water. It's simply sponged or sprayed on to a wet surface, allowed to set and rinsed after 15 minutes. One gallon cleans 150 sq. ft.

Iosso Mold & Mildew Stain Remover comes in four sizes: 4 oz. that makes 1 gal. and costs \$4.95; 12 oz. makes 3 gals. and is \$15.25; 65 oz. makes 16 gals. and is \$75; and 5 gal. makes 144 gals. and is \$475.
