ONE CLEANER DOES IT ALL

With the Shurhold Industries system, only a few products are required for all automotive cleaning and protecting needs. With garage space limited and storage at a premium, the company's Serious Multi-Purpose Cleaner (SMC) is scientifically formulated to work on multiple surfaces, eliminating the need for numerous compounds and helping save users time, money and space.

Made from high quality materials with no fillers, SMC is great for use on car glass, clear coat, carpet, rubber, headlights, acrylic and engine surfaces. It helps remove black streaks, exhaust and carpet stains. SMC cleans wheels and rims, dashboard dirt/grime, and leather and cloth seating.

The SMC 32 oz. size comes ready to use in a convenient trigger spray bottle with hand grip. SMC is also available as a concentrate in 1 gallon and 5 gallon sizes, ready to mix with four parts water before using. Retail prices for SMC start at \$11.98.

Shurhold is dedicated to educating car and truck owners on vehicle value preservation. Inventor of the One Handle Does It All system, Shurhold manufactures specialty care items and accessories to clean, polish and detail.
