ONE-STEP DETAILER CLEANS MULTIPLE SURFACES

Water spots, product residue and dirt marks can make a vessel less than gleaming. Serious Shine from Shurhold Industries is the perfect one-step detailer for spot-free, sparkling surfaces.

Unsightly water spots can pockmark delicate gelcoat when the sun bakes in the mineral deposits. These marks and others are eradicated while Serious Shine cleans and polishes virtually any solid surface, including fiberglass, isinglass and vinyl.

Without leaving any greasy, artificial residue, Serious Shine also contains UV inhibitors and anti-static properties to repel dust. This multi-purpose detailer eliminates the need for numerous products.

Shurhold's Serious Shine is \$17.98 for a 14 oz. aerosol.

Dedicated to educating boat owners, Shurhold provides key tips for boat value preservation at www.shurhold.com. Inventor of the One Handle Does It All system, Shurhold manufactures specialty care items and accessories to clean, polish and detail.
