NO RUST WITH WORLD'S BEST BUCKET

Owners sick of throwing away a perfectly good bucket when the metal handle starts to rust can turn to Shurhold Industries. The company offers the World's Best Bucket, which employs a 3/4" double-braided nylon, comfort-grip.

Buckets are multi-purpose utility items. This high-grade container is ideal for so much more than washing. It can serve as a trash can, bait bucket, ice bucket for drinks, storage and tool transport. It's also great to flip over and use as a work seat or a spot to take a load off after a long day. Perfect for every owner's arsenal of maintenance tools, it is proudly made in the USA.

The World's Best Bucket is available in black or white. It's priced at \$17.98 for the 3.5 gallon size and \$18.98 for the 5 gallon.

Shurhold also offers the Bucket Base. This sturdy, non-skid/non-marking ring is designed to minimize pails from sliding and toppling, helping prevent any resulting damage.

Shurhold is dedicated to educating owners on RV value preservation. Inventor of the One Handle Does It All system, Shurhold manufactures specialty care items and accessories to clean, polish and detail.
