WOOL PADS ARE MAGIC GLASS CLEANERS

Steel wool polishing pads have a number of uses in any garage. Unfortunately, they will inevitably rust over time. Magic Wool Pads from Shurhold deliver the polishing benefits of steel wool, but in a rust-resistant, ultra-fine pad for super-slick results.

Custom-blended from high-grade, bronze metallic wool, Shurhold's Magic Wool Pads are ideal for removing stubborn hard water spotting from glass surfaces. They can be used on their own, or in combination with Shurhold's Buff Magic Compound. It's the perfect tool to clean rain stains from solar panels, or restore a windshield to brand new, crystal-clear condition.

These handy pads also remove rust and oxidation from chrome, stainless steel, copper and even brass surfaces without scratching. It's an easy way to leave autos, trucks and motorcycles looking like new.

Magic Wool Hand Pads are great for small jobs or detailing. They're made in the USA and sold three to a package, with a suggested retail price of \$19.98.

For cleaning more expansive areas like windshields, Magic Wool Polisher Pads feature a standard hook-and-loop backing, allowing them to be used with the original Shurhold Dual Action Polisher. Made in the USA, Magic Wool Polisher Pads are sold two to a package, with a suggested retail price of \$19.98.

-more-

Shurhold is dedicated to educating car and truck owners on vehicle value preservation. Inventor of the One Handle Does It All system, Shurhold manufactures specialty care items and accessories to clean, polish and detail.
