HANDY CLEANER IS A SERIOUS TIME SAVER

While many people enjoy spending time caring for their vehicle, it's always more fun to go for a drive. Serious Multi-Purpose Cleaner (SMC) from Shurhold Industries is a professional-grade automotive cleanser that works on many surfaces, saving time and money by eliminating the need for numerous maintenance products.

SMC is a scientifically formulated, multi-purpose cleaner that removes dirt, grime and stains from a variety of surfaces, including glass, fiberglass, vinyl, rubber, carpet and acrylic. It cuts through black streaks, lifts exhaust stains and cleans carpet blemishes. Heavy-duty jobs, like removing road grime from headlights and grills or cleaning tough brake dust from expensive rims, are all tackled with ease. SMC leaves no residue and contains no bleach. It makes short work of any cleaning job, from engine surfaces to leather seats, letting owners spend less time shining up their ride and more time enjoying it.

Shurhold's SMC is sold in a ready-to-use 32 oz. trigger spray bottle with a suggested retail price of \$11.98. For bigger jobs, SMC concentrate comes in a 1 gal. bottle for \$29.98. It's mixed with 4 gals. of water to make a full 5 gals. of cleaner.

Shurhold is dedicated to educating car and truck owners on vehicle value preservation. Inventor of the One Handle Does It All system,
