SINGLE BRUSH PROVIDES DOUBLE THE WASHING POWER

Owners no longer have to switch brushes when cleaning a variety of surfaces or messes. Shurhold Industries' Soft/Medium Combo Brush enables users to achieve a quality washdown with just one tool.

This 15 cm brush scrubs harder as the user does. It's ideal for both gentle washing and areas that require more effort. The Combo Deck Brush features long soft fibers for cleaning and medium short fibers for scrubbing. As users push down harder, the stiffer fibers take over to clean the stained area.

As with all of Shurhold's brushes, the Combo Deck Brush easily snaps into any of the company's handles and features a solid wood base with rubber wraparound bumper. A video of this tool in action can be found at <http://bit.ly/1f47H3E>.

Dedicated to educating boat owners, Shurhold provides key tips for boat value preservation at www.shurhold.com. Inventor of the One Handle Does It All system, Shurhold manufactures specialty care items and accessories to clean, polish and detail.
