BUCKET LID DOUBLES AS A CONVENIENT PADDED SEAT

Whether it's to take a break while waxing a hull or fishing from a pier, everyone needs to take a load off once in a while. Shurhold Industries' Bucket Seat/Lid turns its World's Best Rope Handle Bucket, or any ordinary 20 liter pail, into a convenient stool and storage container.

Made of durable plastic, the Bucket Seat/Lid has built-in padding for comfortable seating. Water won't collect on its slightly convex design. Adding to its usefulness, it snaps securely onto a bucket to keep contents such as cleaning supplies, tools or even bait, safe and intact.

The Bucket Seat/Lid is part of Shurhold's One Bucket System. It's a group of tools that nestle inside the company's Rope Handle Bucket and is changing the entire boat washing experience. A video is at bit.ly/2g4A7wz.

Dedicated to educating boat owners, Shurhold provides key tips for boat value preservation at www.shurhold.com. Inventor of the One Handle Does It All system, Shurhold manufactures specialty care items and accessories to clean, polish and detail.
