## SHURHOLD HANDLE IS UNLIKE ANYTHING ELSE IN THE MARINA

With over 40 attachments, Shurhold's One Handle Does It All System is likely the most useful tool a boat owner can have on board. As eminently capable as it is, the premium Fishing Series Handle adds a distinctively elegant appearance, unlike anything else in the marina.

Shurhold's Fishing Series Handle looks like a custom, handmade fishing rod. It has a gleaming black finish with decorative lacquered gold trim and threadwork. Extra-long foam provides a comfortable gripping surface.

Made in the USA with the same heat-treated anodized aluminum as its original high-strength handles, Shurhold's Fishing Series Handle is available in three sizes: a 152cm fixed-length, a 183cm telescoping model that collapses down to 101cm and a 274cm version that stows at 152cm.

With the One Handle Does It All System, accessories quickly and easily snap on and off to tackle a wide range of jobs. Boat owners can work efficiently, switching from one tool to the next with the press of a button. A video is at [bit.ly/1P0yi2B](http://bit.ly/1P0yi2B).

Dedicated to educating boat owners, Shurhold provides key tips for boat value preservation at [www.shurhold.com](http://www.shurhold.com). Inventor of the One Handle Does It All system, Shurhold manufactures specialty care items and accessories to clean, polish and detail.
