SEASUCKER MAKES ACCESSORIZING EASY WITH NEW KITS

Whether powered by fuel, wind or paddle, boats are notorious for their lack of convenient places to store and hold gear. SeaSucker solves this problem with its innovative vacuum mounted accessories. Now, collections tuned to specific boating pursuits are available. They make a thoughtful gift—especially to oneself.

Unlike permanently installed accessories, SeaSucker products utilize innovative vacuum mounts. Not meager suction cups, each provides 120 lbs. of holding power. And because they're so easy to install, they can be moved to where they're needed and quickly stowed for transport or security. A video is at bit.ly/2MltWUB.

The Lonely Fisherman is ideal for the solitary angler. This collection includes a SeaSucker 1-Cup Holder with Vertical Mount, Tumbler Cup Holder Insert and Single Rod Holder.

Stand up paddle boarders will find everything they need in SeaSucker's SUPer set. Included is the Paddle Clip and Grip, a horizontally mounted 1-Cup Holder and Large Dry Box.

The Tech Action Kit from SeaSucker has everything to keep portable electronics right where they're needed. This kit includes a Naked Flex Mount, and GoPro and a Flex-X Phone Adapter.

-more-

Truly one-of-a-kind, SeaSucker's Cold Wheels Set includes a Medium Duty Handle, a 2-Cup Holder with Angle Mount and a pair of Cold Wheels. Attached to a favorite smooth-sided cooler, these wheels allow the cooler to effortlessly roll over a wide range of terrains.

The SeaSucker Lonely Fisherman is \$99; the Tech Action Kit, \$120; the SUPer Set, \$165; and the Cold Wheels Set, \$290.
