STAINLESS DRINK HOLDERS COMBINE UTILITY AND BEAUTY

Whether in the galley or on a counter, dashboard or seatback, having a dedicated place to stow opened drinks helps prevent spills. Stainless steel drink holders from Schmitt & Ongaro Marine Products add elegance while maintaining neatness aboard.

Schmitt & Ongaro's 8 cm Drink Holder, item 60012, with Rim Gasket fits an 8 cm hole. It measures 7 cm high and 9 cm across, including a .6 cm flange. A second model, the 8.9 cm Drink Holder with Drain and Plug, item 60002, measures 11 cm wide, including a 1 cm flange. Durable and corrosion resistant, both types feature stainless steel construction to ensure a lasting shiny finish and reliable service. A two-year warranty from the date of purchase to original consumer, and three-year warranty to OEMs and distributors is included.

In addition to fine marine accessories such as drink holders, Schmitt & Ongaro provides superior quality steering wheels, horns and wiper systems to fit a wide variety of boat types and applications. All of the company's products are CE-compliant and carry NMMA approval.
